Additional Options

Individual marking *3

*1 Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *2 The pallet dimensions and weight are variable. *3 Minimum quantity required *4 Virgin PE material is also available, with equivalent load capacities and weight. - We reserve the right to change any of the stated information without prior notice.

- > Cost effective
- > Very light weight and low height
- > Suited as display pallet
- > Chain and roller conveyor compliant
- > Reduces freight costs by volume:
24 pallets = 1m height
- > Resistant to insects, bacteria and fungi
- > Conforms to ISPM 15 regulation
- > Environmentally friendly product of 100% recycled plastic, completely recyclable

Nestable CPP plastic pallets require less floor space when transported or stored in a warehouse.

CPP Plastic Pallets

CABKA meets the high standards for ISO 9001:2000. Our certified quality management encompasses not only product manufacturing, but customer service as well. In addition, CPP plastic pallets are regularly tested in accordance with relevant elements of the standard ISO 8611. All this guarantees that our quality products

meet the demands of the market and our customers.

CABKA products are manufactured in Germany, Spain and North America, giving our customers, wherever they are, a crucial advantage to choose the shortest, fastest and cheapest route for getting product to market.

CABKA's wide range of plastic pallets provides solutions for a diverse array of applications. Through our development department, with our own tool designs and construction, we can meet even unusual requests from our customers. In every way, you profit from our decades of experience.
